New Statistical Methods for Large Data - One day Oxford/Warwick Workshop

Friday 7 October 2016

Meeting Room 2, Radcliffe Conference Centre, University of Warwick, Coventry

Description of Scientific Goals: This is an Oxford/Warwick joint workshop and also linked to the OxWaSP CDT programme

PROGRAMME

Friday 7 October 2016

10.15 **Registration and refreshments**

10.40 **Welcome**

Professor Chenlei Leng, Co-Director OxWaSP (Meeting Room 2)

10.45 Professor Dino Sejdinovic, University of Oxford - *Inference with kernel embeddings*

11.20 Professor Judith Rousseau, University of Oxford

11.55 Francois-Xavier Briol, University of Warwick - *Speeding up Monte Carlo Integration*

12.30 *Poster session with lunch*

PDRAs, PhDs, OxWaSP and academics to present posters over lunch.

12.30-13.00 LUNCH

13.00-14.00 POSTER SESSION

13.40 Professor Tom Nichols, University of Warwick - *Large Scale Evaluation of Random Field Theory Inference in fMRI*

14.15 Dr Patrick Rubin-Delanchy, University of Oxford - *Large-scale network data analysis with applications in cyber-security*

14:50 **Coffee break**

15.10 Professor Jim Smith, University of Warwick - *Big Bayesian Inference*

15.45 *Adjourn and drinks reception*

16.30 Close

(coach back to Oxford, outside Radcliffe)
